

## Digital Home

### Remote Controlled 4-to-1 HDMI Switch Splits Out Digital Audio to Include Your Sound System

With analog and digital audio outputs, this 4-in 1-out HDMI switch has the added benefit of sending an audio signal directly to your sound system receiver. Use the IR remote to select one of 4 HDMI input streams; then connect your sound system to the 3.5mm analog port or the RCA or TOSLINK digital ports. You can use uncompressed audio such as LPCM or compressed audio (going up to 6 channels) with DTS Digital, Dolby Digital DTS-HD or Dolby True HD.

NEW

- Supports 6.75Gbps across all channels
- Supports 36-bit deep color
- Supports HDMI 1.3b & HDCP

Includes AC adapter, remote and CR2025 battery. HDMI cabling sold separately.

HDMI SWITCH w/TOSLINK	1	5+	10+
121 0256 4-in-1, 3D support	44.99	44.32	43.99

### Use a Remote to Choose from 5 HDMI Input Sources with High-Performance Digital A/V Switch

Manage your HDMI video sources with our 5-in-1-out HDMI switchbox. Up to 5 HDMI devices can share a single HDMI display or projector and can be conveniently controlled using the slim IR remote. The HDMI switchbox equalizes and boosts video signals for long cable applications.

- 7.5Gbps video amplifier bandwidth
- Maintains 480p, 720p, 1080i & 1080p
- Supports DVI-HDMI cables
- High Speed HDMI compliant

NEW

Includes AC adapter, remote and CR2025 battery. HDMI cabling sold separately.

HDMI SWITCH	1	5+	10+
121 0259 5-Port w/Equalizer	28.99	28.11	27.67

### Manage Two HDMI Sources and Redistribute Them to Two HDMI Displays

This HDMI splitter/switcher allows you to select video/audio sources for two HDMI displays from one or two HDMI sources. It supports High Speed HDMI specifications and features, including data rates up to 2.25 Gbps per channel, HDCP, Deep Color, Lip Sync and HD lossless audio formats. A built-in repeater chip for signal equalization compensates for long distance transmission of HDMI signals up to 50 feet. It supports 1080p at 60Hz, color depth of 12 bits per channel and multi-channel digital audio.

NEW

- Supports LPCM, DTS Digital & Dolby Digital

Input video ports: 2 HDMI type 'A' ports  
Output video ports: 2 HDMI type 'A' ports  
Max. data rate: 6.75Gbps (2.25Gbps per channel)  
Max. resolution: 1920 x 1080 (60Hz)  
Color depth: 12 bits per channel, xvYCC color space

Includes AC adapter. HDMI cabling sold separately.

HDMI AMPLIFIER SPLITTER	1	5+	10+
121 0262 2 in, 2 out	38.99	37.67	37.01

### Simple "Pigtail" Switch Swaps HDMI Inputs Easily

NEW

When you have three HDMI-output devices (like a Blu-ray Disc player, a PlayStation 3 and a digital TV box), but only one HDMI-equipped display, this simple HDMI switch makes it simple to jump from one to the other. It switches automatically as you power-up or power-down your devices, but it can also be manually switched with the touch of a button. Stop unnecessary unplugging and re-plugging your HDMI cables!

HDMI SWITCH	1	5+	10+
121 0265 3-port, pigtail	14.99	14.61	14.42

### Send HDMI Signals Almost 100 Feet Using a Pair of CAT5e Cables

NEW

Tired of buying expensive HDMI cable and repeaters? With this HDMI extender kit, you can boost 1080p high-definition video formats to distant displays... using two lengths of standard network cable! The signal feeds into a transmitter and is decoded by a receiver at the other end... you supply the two CAT5e or CAT6 cables (or see pages 26 & 27).

Includes transmitter and receiver, each with an HDMI type 'A' plug. Requires CAT5e/6 cables, sold separately.

HDMI EXTENDER	1	5+	10+
121 0266 Over CAT5e/CAT6	18.99	18.30	17.95

### Active HDMI Repeater Allows for Cable Runs up to 115 Feet!

NEW

Extend your digital HDTV signals an extra 65 feet with an intelligent HDMI repeater/equalizer. It electronically regenerates the signals sent by HDMI equipment (like your Blu-ray Disc® player) so that you can greatly augment the typical HDMI 50-foot cable run.

- 1080i & 1080p compatible
- Eight manual equalization levels
- High Speed HDMI, HDCP 1.1 & DVI 1.0 compliant
- Supports 3D over HDMI

Includes AC adapter and mounting lugs. HDMI cabling sold separately.

HDMI EQUALIZER/ EXTENDER	1	5+	10+
121 0269 w/Repeater, 3.4Gbps	29.99	29.11	28.67

## Connect Your DVI PC to Your HDMI Display with a Digital Audio/Video Converter

NEW

This versatile conversion box accepts digital video from a DVI cable and combines it with digital audio on either a TOSLINK or RCA cable to create a full-resolution HDMI audio/video signal. Use it to connect your PC or other DVI-outputting device to a big screen TV. It also replays the received audio signal on both RCA (coax) and SPDIF (TOSLINK) connectors.

- Supports up to 6.75Gbps on all combined channels
- Supports 36-bit deep color
- Supports uncompressed audio (LPCM)

Includes AC adapter. Cables sold separately.

HDMI CONVERTER	1	5+	10+
121 0270 DVI/SPDIF/coax to HDMI	39.99	38.96	38.44

## Convert Analog Video & Audio to HDMI with VGA Converter

NEW

Put your computer's analog video (and audio) up on your big screen TV with this VGA to HDMI converter. It accepts a VGA video signal (up to 1280x1024) from a DE15 plug and stereo audio on RCA jacks and outputs on a HDMI port. The generated HDMI resolution can be as high as 1080p.

Includes AC adapter. Cables sold separately.

HDMI TO VGA CONVERTER	1	5+	10+
121 0273 w/stereo audio	34.99	34.42	34.14

## Digital to Analog Converter Connects Different Generations of Audio

Need to play your digital music on some old school equipment? This tiny adapter converts coaxial or TOSLINK digital audio into classic left/right analog audio signals.

- Supports 32, 44.1, 48 & 96 kHz sampling rates
- 24-bit SPDIF incoming bit stream on 2 channels
- Provides EMF noise-free transmission

Includes AC adapter. Cables sold separately.

DIGITAL COAX TO STEREO CONVERTER	1	5+	10+
121 0279 w/TOSLINK	22.99	22.49	21.99

## Easily Convert Component Video to HDMI

Connect component video home theater devices to HDMI-compliant digital monitors with this RGB video converter. It automatically converts a YPbPr video feed of nearly any resolution into a corresponding HDMI video signal, up to 1080P (1920x1080). It can convert digital SPDIF audio as well, from either a coaxial RCA cable or a TOSLINK optical cable.

NEW

HDMI connector (output): Type "A" (19-pin) female  
Video connector (input): 3 RCA jacks (Pr,Pb,Y)  
Audio connector (input): SPDIF coaxial (RCA) or TOSLINK  
Output video: HDMI 1.2a  
DTV/HDTV formats supported: 480i, 576i, 480p, 576p, 720p, 1080i, 1080p  
Operating frequency: Up to 1.65Gbps (165MHz)  
Measurements: 3"L x 3 3/8"W x 7/8"H

Includes AC adapter. Cables sold separately.

COMPONENT TO HDMI CONVERTER	1	5+	10+
121 0276 w/Coax and TOSLINK	38.29	37.49	36.79

## Control Your Active TOSLINK Connections with 4-in / 2-out Digital Signal Switcher

If you have multiple SPDIF audio signals using TOSLINK cables, this switcher can help you route the right optical signal to its destination from the comfort of your couch. The included IR remote selects one of up to four optical TOSLINK inputs to output simultaneously to dual outputs. Active circuitry maintains seamless switching with optimal optical signal transfer and zero signal degradation.

- Supports 192kHz 24-bit resolution
- Supports all SPDIF standards
- Outputs selected signal to both TOSLINK-out ports

Measurements: 7 1/4"L x 2"W x 6 1/8"H  
Input ports: 4 TOSLINK optical  
Output ports: 2 TOSLINK optical (linked)

Includes remote, CR2025 battery and AC adapter. TOSLINK cables not included.

TOSLINK AUDIO SELECTOR SWITCH	1	5+	10+
104 0214 4 x 2 w/remote	64.99	62.99	59.99

## Send Remote Control Commands over HDMI with Infrared Adapter Set

If your media source isn't in the same room as your HDTV—or is hidden in a closet—an infrared remote control doesn't do you much good. This adapter kit adds a small extension to each end of your HDMI cable so that you can capture IR signals at your television and retransmit them—over HDMI—to your distant media player (like a Blu-ray Disc® player or a cable box).

HDMI cabling required, sold separately.

IR CONTROL KIT	1	5+	10+
121 0255 Vanco IR over HDMI	49.99	48.59	47.89

CL2 HDMI

CL2-Rated High Speed HDMI Cables for In-Wall Use

Certified for safety, CL2 cables are sufficiently flame-resistant to be run inside the walls of your home. These HDMI cables are rated to comply with fire safety codes and insurance requirements, plus they support all High Speed HDMI features, including 10.2Gbps throughput, 48-bit deep color, and high-definition audio like Dolby TrueHD and DTS-HD. A flexible mesh jacket gives your cable a little extra protection against sharp objects.

NEW

24AWG CL2-rated HDMI cables, available as High Speed HDMI and High Speed HDMI with Ethernet

Mesh jacket for additional protection

24AWG CL2 HIGH SPEED HDMI CABLE			1	5+	10+
121 0280	Male to male, 1 ft.		3.49	3.33	3.26

HDMI

Interconnect Your Televisions, Media Players and Game Systems using High Speed HDMI with Ethernet

Connectors: HDMI 'A' male  
Specification: High Speed HDMI with Ethernet  
Wire Gauge: 28AWG

High Speed HDMI with Ethernet is a user-friendly interconnect that provides up to 10.2Gbps of bandwidth to support high-definition video, multichannel audio and network data connectivity in a single cable. Use High Speed HDMI with Ethernet cables to eliminate the cost, complexity and confusion of multiple cables for connecting audio/video systems.

HIGH SPEED HDMI WITH ETHERNET CABLE			1	5+	10+
121 0247	Male to male, 28 AWG, 3 ft.		3.99	3.77	3.67
121 1306	Male to male, 28 AWG, 6 ft.		4.99	4.71	4.44
121 0249	Male to male, 28 AWG, 10 ft.		5.79	5.48	5.33
121 0250	Male to male, 28 AWG, 15 ft.		6.99	6.62	6.44
121 0251	Male to male, 28 AWG, 25 ft.		16.99	16.09	15.19

Plenum HDMI

Run HDMI in Plenum Spaces with CMP-certified High Speed HDMI with Ethernet Cables

Connectors: HDMI 'A' male  
Specification: High Speed HDMI with Ethernet, Plenum (CMP)

With a CMP rating, these High Speed HDMI with Ethernet cables are suitable for installation in air plenum spaces. High Speed HDMI with Ethernet is a user-friendly interconnect that provides up to 10.2Gbps of bandwidth to support high-definition video, multichannel audio and network data connectivity in a single cable. Use High Speed HDMI with Ethernet cables to eliminate the cost, complexity and confusion of multiple cables for connecting audio/video systems.

PLENUM HIGH SPEED HDMI WITH ETHERNET			1	5+	10+
121 0252	Male to male, 25 ft.		89.99	87.99	86.99
121 0253	Male to male, 35 ft.		129.00	125.00	119.00
121 0254	Male to male, 50 ft.		159.00	157.00	155.00

Super-Slim HDMI

Super-Slim HDMI Cables Perfect for Compact Installations & Pack Easily for Travel

Super thin profile!

Gold plated connectors

High Speed HDMI with Ethernet carries networking signals!

Connectors: HDMI 19-pin type 'A' male  
Specification: High Speed HDMI with Ethernet  
Wire Gauge: 36AWG

SLIM HIGH SPEED HDMI WITH ETHERNET			1	5+	10+
121 1264	Male to male, 1 ft.		5.29	5.02	4.89

**190 0783**  
Connector 1: 3.5mm (3-band) stereo  
audio male  
Connector 2: 3.5mm (3-band) stereo  
audio male  
Length: 4 ft. (1.2m)

## Headphone Cable Splitter

**190 0409**  
Connector 1: Stereo 3.5mm plug male  
Connector 2: Two Stereo 3.5mm female  
Common Uses: Connect 2 headphones or  
speakers to 1 audio source  
Length: 6 in.

## 3.5mm Stereo Female to Male Extension Cords

**190 0340 / 190 0342**  
Connector 1: Stereo 3.5mm mini plug male  
Connector 2: Stereo 3.5mm mini plug female  
Common Uses: Extend stereo speaker cables  
Notes: Shielded cable with strain relief  
Lengths: 6 ft. & 12 ft.

## 3.5mm Stereo Splitter Gender Changer

**190 0337**  
Connector 1: Stereo 3.5mm female  
Connector 2: Two Stereo 3.5mm female  
Common Uses: Connect two headphones or  
speakers to a male 3.5mm connector  
Length: 9 in.

## 3.5mm Stereo Male to Two RCA Male

**190 0370**  
Connector 1: Stereo 3.5mm mini male  
Connector 2: Two RCA male  
Common Uses: Connect speakers with RCA  
jacks to sound cards, etc.  
Length: 6 ft.

## 3.5mm Stereo Male to 2 RCA Female Adapter

**190 0334**  
Connector 1: Stereo 3.5mm male  
Connector 2: Two RCA female  
Common Uses: Connect RCA audio cables  
to a 3.5mm mini stereo connector  
Length: 6 in.

## 3.5mm Stereo Female to Two RCA Female

**190 0332**  
Connector 1: 3.5mm stereo female  
Connector 2: Two RCA female  
Common Uses: Splitter cable to connect  
sound card to stereo speaker  
Length: 6 in.

## 2.5mm Mobile Headset to PC Converter

**190 0652**  
Connector 1a: 3.5mm microphone male  
Connector 1b: 3.5mm headphones male  
Connector 2: 2.5mm headset female

## RCA "Y" Splitter

**190 0321**  
Connector 1: RCA male  
Connector 2: Two RCA female  
Common Uses: Split a video or audio signal  
Length: 6 in.

## 3.5mm Jack Aux-In Cable

**190 0779-190 0782**  
Connector 1: 3.5mm (3-band) stereo audio male  
Connector 2: 3.5mm (3-band) stereo audio male  
Length: 2, 4, 6 or 12 ft.

## Adjustable TV Wall Mounts Tilt up to 10°

Set your flat panel TV against the wall right where you want it with these solid heavy-gauge steel mounts that can tilt downward up to 10 degrees. Their low-profile design reduces the space between your TV and the wall to just 1 1/8". The lift-and-hook design makes installation fast and easy, and a security lock guards against easy theft.

**111 0130** - For 27" - 42" TVs  
**111 0131** - For 32" - 52" TVs  
**111 0132** - For 42" - 60" TVs

Includes hardware for wood stud or brick/cement mounting. Installation may require pencil, Phillips screwdriver, drill and/or tape measure. TV not included.

## TV MOUNT, ULTRA SLIM, ADJUSTABLE

		1	5+	10+
111 0130	For 27-42 in. TV	32.95	31.49	29.99
111 0131	For 32-52 in. TV	36.95	35.49	34.99
111 0132	For 42-60 in. TV	39.95	38.49	37.99

## Rolling Monitor Stand for Flat Panel Displays

This sturdy 4-point rolling stand supports flat panel monitors weighing up to 20 lbs. It attaches directly to monitors that use a 75 or 100mm VESA standard mount. The stand tilts through a range of 40° and adjusts vertically 14 inches to a maximum height of 46 inches. Some assembly required; requires standard tools.

- 14" height adjustment
- Internal gas spring
- 40 degree range of tilt
- Lockable casters
- Holds monitors up to 20 lbs.
- 75/100mm VESA attachment
- Cable management clips

21"L x 19"W x 46"H (max.)  
Weights 23 lbs.

Press foot lever to raise or  
lower the screen

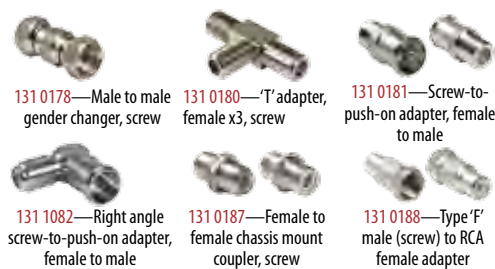

Monitor not included

## ULTRA MOBILE LCD TV CART

131 0187	F/F chassis mount coupler	0.39	0.36	0.33
131 0188	M/RCA F	0.85	0.81	0.79

## This Single Stripping Tool Makes Short Work of Coax, Twisted Pair & Round Cable!

With just one pass, you can remove the insulating jacket from three different cable types. Thanks to a replaceable cassette with preset blades, it's ready to tackle coax (video), twisted pair (data), round (voice), flat satin, multi-conductor and audio cables.

**115 0223**  
Replacement blade cassette

Voice/data adjustable cable jacket stripper

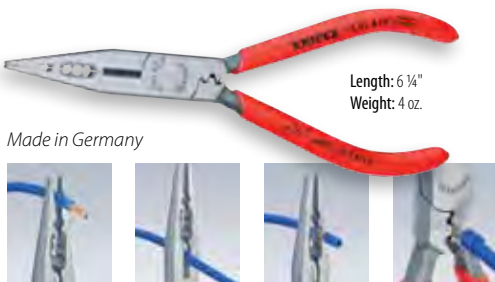

Cable cutter (underneath)

Flat satin cable stripper/cutter

ALL-IN-ONE CABLE STRIPPER		1	5+	10+
115 0226	Coax/network/telecom	12.95	12.49	11.99
115 0223	Replacement blade	4.99	4.79	4.65

## Versatile Electrician's Pliers Can Cut & Strip with Ease

Grip, cut, strip or crimp wire easily with Knipex's 4-in-1 electrician's pliers. The corrugated gripping edges are designed for holding or bending soft, medium or hard wire, while the crimper portion easily applies end sleeves (ferrules). Strip cable jackets with the three precise cutters for 10, 12 or 14 AWG.

Length: 6 3/4"  
Weight: 4 oz.

Made in Germany

4-in-1 electrician's pliers: Grip, cut, strip & crimp

LONG NOSE ELECTRICIANS PLIERS		1	5+	10+
115 0468	Cut/strip/crimp	37.95	36.49	35.99

## Upgrade Your TV Room's Outlets for Flush Mounting

These recessed outlet boxes make it easy to put a flat display flush against the wall by providing recessed and angled sockets for your single-gang duplex outlets. Plugs and connections stay behind the wall's surface, so you really can flush-mount a TV. Have electrical outlets installed or run low-voltage lines through the circular apertures.

- Non-metallic, paintable trim plate
- Built-in positioning tabs
- Compatible with both new or old work

**180 0641**  
TV Box, Double Gang

**180 0642**  
2-gang recessed box

Duplex outlets and single-gang wall plates required, not included.  
 Please note, National Electrical Code does not allow the installation of the TV power cord or an extension cord to be hidden in (behind) the wall. Have a licensed electrician install power outlets.

RECESSED ELECTRICAL BOX		1	5+	10+
180 0641	TV Box, 2-gang	15.99	14.99	13.99
180 0642	Power/low volt., 2-gang	15.99	14.99	13.99

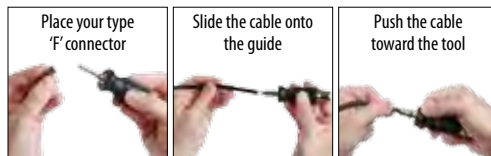

## Coax Connector Guide & Cable Flaring Tool

This multifunction tool acts as a cable center/dielectric guide to insure proper alignment of coax cable into type 'F' connectors. It also lets you flare the cable braid without painfully using your fingers. It works with F, RCA and BNC connectors.

For RCA and BNC connectors

For type 'F' connectors

CONNECTOR GUIDE/CABLE FLARE TOOL		1	5+	10+
115 0171	RCA, F type and BNC	12.99	12.33	11.87

## Install a Low-Profile TV Box when You Have Limited Space Behind the Wall

NEW

This low-profile 5" x 8" wall plate makes it possible to mount flat screen TVs flush against the wall on 1/2" or 3/8" drywall where there's a wall cavity of at least 3/4". Use it for retrofit installations when using furring strips on concrete block walls, or use between studs as small as a 2x2. There's lots of room inside for multiple cables and brackets for tying them off, keeping the installation neat and organized.

- Plugs stay inside box so TV mounts closer to wall
- Mounting wing screws hold box securely in wall
- Includes UL listed decorator style receptacle
- UL listed for US & Canada

RECESSED ELECTRICAL TV BOX		1	5+	10+
180 0118	Low profile, Sin. x 8in.	17.99	17.29	16.79

## Type 'F' Connector Tool Makes Perfect Hand-Tightened Coax Installations

The patented CIT-1 installs and removes type 'F' coax connectors in high-density and hard-to-reach locations, and is perfect for working with bent coax. It provides enough leverage to achieve 30 inch-pounds-force torque by hand. Insure proper connections and reduce the potential of loose connector-related service calls.

2"L x 1 1/2" diam.

## Super-Compact Screwdriver for Small Work or Cramped Spaces

Even though the Teeny Turner is only 2½" long (with a bit inserted), it still provides a sure grip. The seven bits can be changed rapidly and are held securely in the shank with magnets. Quality crafted in Canada using aircraft alloy steel.

Colors vary

- Fix eyeglasses!
- Repair electronics!
- Open battery compartments!

**Included bits:** Phillips #00 & #0, Slotted 2mm & 3mm, Torx Mini 5, 6 & 8

TEENY TURNER MICRO DRIVER SET		1	5+	10+
115 0151	7 bits, colors vary	6.29	5.89	5.49

## Mini Multimeter is an Incredible Value

Measure resistance, current, or voltage... for its price, this little meter can't be beat! Lightweight, compact and remarkably capable, it gets the job done and saves you money. Outfit your whole crew with these! Colors vary.

- 3 ½ digit LCD with a maximum reading of 1999
- Low battery indicator
- Transistor & diode test

Resistance (ohms): 200/2K/20K/200K/2M  
DC current: 200micro/2m/20m/200m/10A  
AC voltage: 200/750V  
DC voltage: 200m/2/20/200/1000V

ELECTRICAL TESTER		1	5+	10+
115 3750	Multimeter, mini	8.79	8.29	7.79

## Smart Pliers Quickly Remove Stripped, Stuck and Damaged Screws

These pliers work great for grasping, cutting or twisting wires, but their unusual jaws also excel at removing rusted, stuck or stripped screws.

They are serrated in two directions to grasp the rounded heads of screws.

Vertical AND horizontal serrations are the secret for grasping the rounded heads of truss and low-profile dome-head screws

- Ideal for M2-M4 Truss head screws and M1.6-M5 round or pan-head screws
- Slender jaws fit in tight workspaces
- Easy-open spring return

MULTIPURPOSE SMARTPLIERS		1	5+	10+
115 0206	Pliers/screw remover	32.95	32.49	31.95

## Enjoy the Convenience of USB Ports Built Right into the Wall

180 0683  
U-Socket, White

180 0685  
U-Socket, Almond

180 0687  
U-Socket, Ivory

180 0691  
U-Socket Tamper Resistant, White

180 0693  
U-Socket Tamper Resistant, Almond

180 0695  
U-Socket Tamper Resistant, Ivory

A U-Socket is a duplex AC receptacle with built-in USB ports for charging devices like Apple iPod®, iPhone® and iPad®. Designed to replace a traditional 3-prong AC wall outlet, U-Socket eliminates the clutter of AC adapters that stick out from the wall and take up space in your home or office. It can even reduce your energy costs because it auto-senses the required wattage and only outputs full power if something is connected to it. Made in USA.

Tamper-resistant models meet electrical code for new installations

Note: Installation can be severely dangerous; we strongly recommend using a licensed electrician to replace power outlets.

U-SOCKET 2 USB WALL PLATES		1	5+	10+

## Battery-Powered Precision Driver Automates Repetitive Work

With 38 interchangeable bits in slotted, Phillips, hex metric, hex inch and TORX standards, this battery-powered driver rotates up to 110 times a minute and delivers up to 70 inch-ounces of torque. Also included in the set is a slim ESD-safe manual bit driver. Made in Germany.

Slotted bits: .8, 1.2, 1.5, 1.8, 2, 2.5, 3, 3.5, 4mm  
Phillips bits: #000, #00, #0, #1  
TORX bits: T3, T4, T5, T6, T7, T8, T9, T10, T15  
Hex bits metric: .71, .89, 1.27, 1.5, 2, 2.5, 3, 4mm  
Hex bits inch: .050, 1/16, 5/64, 3/32, 7/64, 1/8, 9/64, 5/32

Includes metal storage box. Requires 3 AAA batteries, not included.

MICROBIT SET, CORDLESS		1	5+	10+
115 0218	38 bits w/storage box	89.95	89.95	89.95

## Use Your PC to Visually Inspect Hard-to-See Areas with "Seeker" USB Inspection System

Use your computer to view deep inside machines, cabinets and other hard-to-access places. The Seeker video inspection systems use a 320x240 digital camera at the end of a flexible 3-foot-long half-inch wide probe. Adjustable-intensity LEDs at the end of the probe provide strong illumination for crisp and clear video.

## Digital Home

### Recharge Four AA/AAA Batteries Simultaneously with Advanced Charger-Analyzer

With four independent slots, five modes of operation and 29 selectable charging and discharging rates, the Wizardone gives you complete control over your rechargeable AA and AAA batteries. Maximize their life using advanced charging modes, including "break-in," "refresh & analyze" and "cycle."

Batteries sold separately

6 3/4" L x 4 1/4" W x 1 3/4" H

Includes AC adapter. Compatible with AA or AAA NiMH or NiCD batteries, not included.

- Backlit LCD shows capacity, voltage, time and current
- 19 selectable charging currents
- 10 selectable discharging currents

POWEREX BATTERY CHARGER/ANALYZER	1	5+	10+
141 0514 Wizardone, AA/AAA	59.99	58.99	57.99

### Test All Your 1.5V Batteries Quickly, Even Coin Cells

Quickly and easily test your common batteries... works with AAA, AA, C, D, and coin cells, too! Our compact battery checker uses a color-coded, liquid crystal display to accurately display your battery's status as "good," "weak" or "poor." Stop guessing if your batteries are good... check them!

- LCD displays battery status
- Requires 1 AAA battery (included)
- Tests AAA, AA, C, D and 1.5V coin cells

DIGITAL 1.5V BATTERY TESTER	1	5+	10+
115 3195 AAA/AA/C/D/coin cells	9.99	9.40	8.82

### Battery Upsizers Make Smaller Batteries Fit Larger Compartments

The battery upsizer consists of three "shells" that nest together like Russian dolls. Each shell converts a smaller size battery to the next larger standard size. Using all three shells at once, you can actually make an AAA battery fit a D-cell application.

With some upsizers, your TV remote batteries can be an emergency power source

"Upsizes" batteries from AAA all the way up to D

Caution: Do not use Battery Upsizers in a battery charger

BATTERY UPSIZER AAA,AA,C,D	1	5+	10+
161 0385 Single	2.99	2.80	2.61
161 0387 3 pack	8.89	8.33	7.77

## Batteries

We have the battery sizes you need! Whether you are looking for coin cell, AA, AAA, 9V, C or D batteries, Cyberguys carries them all and in many different types. Choose from a host of rechargeable options including NiMH, rechargeable alkalines, or precharged NiMH.

#### Alkalines

AAA, AA, C, D 9V  
Pros: Inexpensive, moderate power  
Cons: Not rechargeable by most charging units

#### NiMH

AAA, AA, C, D, 8.4V, 9V  
Pros: Rechargeable, good power output  
Cons: Does not hold charge for long

#### Precharged NiMH

AAA, AA, C, D, 9V  
Pros: Rechargeable, holds charge for a year  
Cons: Expensive

#### Lithium Coins

CR2025, CR2032

#### Button Cells

LR43, LR44

## Pak-Lite LED Flashlight is a Favorite of Hikers and Travelers

The tiny little Pak-Lite LED flashlight lit the way on a 2,600 mile Pacific Crest Trail trek on one bulb and battery! Its compact, lightweight and rugged construction makes it a favorite of hikers.

- Cap glows in the dark
- Up to 50 hours of light on included 9V battery
- 2 ultra long life, high-intensity LEDs
- 100,000 hour lifespan
- Weatherproof

2 3/8" L x 1" W x 5/8" H

PAK-LITE LED FLASHLIGHT	1	5+	10+

## LED Upgrades and Switches for MagLite Flashlights

These amazingly powerful white LED bulbs are the perfect upgrade for your MagLite brand flashlights. They not only increase luminescent output, they also greatly extend battery life! Rated for years of continuous use, these LED upgrades can save you money on both replacement batteries and bulbs.

### 1 Watt LED Bulb for Your C/D Mag-Lite®

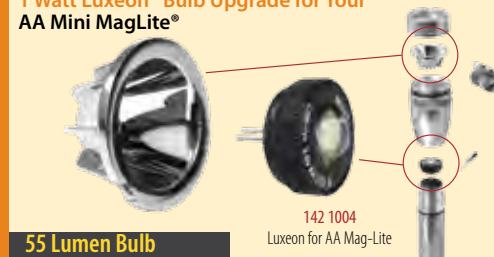

This 1 Watt LED lamp replaces the incandescent bulb found in your C- or D-sized Mag-Lite flashlight. This 1 watt LED lamp is compatible with 2- to 6-battery models and is rated for 50,000 hours of use.

### 55 Lumen Bulb

Requires C- or D-sized Mag-Lite, not included.

### 1 Watt Luxeon® Bulb Upgrade for Your AA Mini MagLite®

### 55 Lumen Bulb

Requires AA Mini MagLite, not included.

LED FLASHLIGHT CONVERSION KIT	1	5+	10+
142 1003 1W C/D light upgrade	14.99	14.37	13.75
142 1004 1W AA Mini Maglite upgrade	14.99	14.37	13.75

## Pen-Sized LED Flashlight Generates 160 Lumens & Provides 7 Versatile Modes

Ultra-compact and incredibly bright, the Preon P2 projects a surprisingly bright 160 lumens through a CREE XP-G LED. Powered with just 2 AAA batteries, the one-ounce P2 is so small, it can fit in a pocket or purse. Choose between three brightness levels or four special output modes; all are accessed from the single tail cap button.

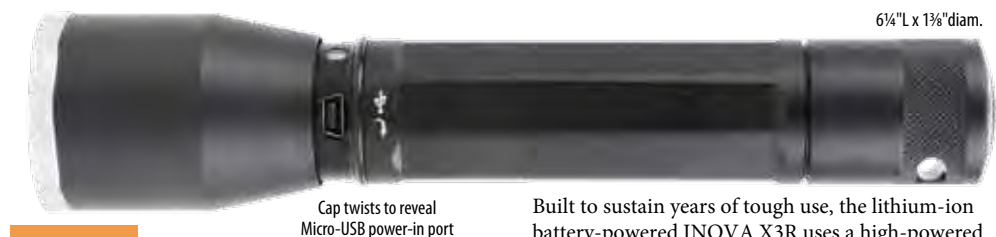

- Type III hard-anodized aircraft-grade aluminum
- Optical-grade lens with anti-reflecting coating
- Strobe, SOS, and 2 beacon special modes

Includes 2 AAA batteries and spare "O" ring.

4SEVENS PREON P2 FLASHLIGHT	1	5+	10+

142 0475 Black, cool white light	40.83	40.83	40.83
142 0476 Red, cool white light	40.83	40.83	40.83

## Recharge this 227-Lumen Flashlight from any USB Charger

6 1/4" L x 1 1/8" diam.

Cap twists to reveal Micro-USB power-in port

Built to sustain years of tough use, the lithium-ion battery-powered INOVA X3R uses a high-powered 227-lumen LED that's rated for 4 years of use. Its shock-proof, crush-proof and water-resistant solid aluminum body has a high-grade anodized finish and a stainless steel head. To recharge, just connect the flashlight with the included USB cable to any 1-amp USB-based charger or port.

Includes USB cable. Charger not included.

INOVA X3R LED FLASHLIGHT	1	5+	10+
142 0249 Rechargeable, USB	71.99	69.49	68.09

## Heavy-Duty Mini Flashlight Fits Anywhere and Illuminates Everything

Less than 3 inches in length, the Mini ML flashlight still packs an illuminating punch with a Cree XP-G LED that emits up to 180 lumens.

- Steady, strobe, SOS and beacon modes
- Type-III hard-anodized aircraft-grade aluminum
- Optical-grade glass lens with anti-reflective coating on both sides

2 3/8" L

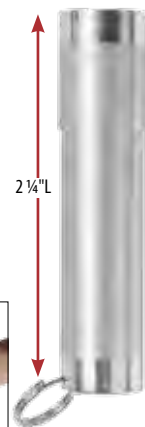

Includes CR123A lithium battery, lanyard and spare O-ring

4SEVENS LED FLASHLIGHT	1	5+	10+

## You'll Find Hundreds of Uses for the BugLit Hands-Free LED Flashlights

NEW

Combining a bright LED microlight with a set of flexible and grippy legs, the BugLit is actually more useful than it is cute! Wrap, bend, twist, stand and angle the flashlight any way you want: it can stick or hang to just about anything! The strong internal wires in the legs hold their shape while the rubber shell provides excellent scratch-free grip. The BugLit even has a carabiner you can clip to your backpack or your keys.

Includes 2 CR2016 batteries.

NITE IZE LED MICRO FLASHLIGHT		1	5+	10+
142 0287	BugLit, black	9.99	9.59	9.29
142 0288	BugLit, green	9.99	9.59	9.29
142 0289	BugLit, red	9.99	9.59	9.29

## Swipe to Shine! Innovative Touch-Activated Microlight Lights up Without Buttons!

Forget the switch! The Microlight STS' white LED is activated nearly instantly with a quick right-to-left swipe of the thumb, eliminating the need to fumble with a switch. The water-resistant, shock-proof and durable housing fits comfortably in your hand and includes a versatile S-Biner carabiner for attaching to key chains or zipper pulls.

NEW

3 1/8"L x 1 1/8"W x 3/8"H  
Modes: 4 (high, variable dim, low & strobe)

INOVA LED MICROLIGHT		1	5+	10+
142 0459	Touch activated, smoke	11.95	11.49	10.79

## Motion-Activated LED Nightlight Helps You Navigate in the Dark

The Light Owl is a battery-powered LED nightlight that activates when it senses movement. Set it to light up your bedroom floor in the middle of the night, or hang it in a dark closet... it will only stay on for a minute or two, saving energy. Travel with it to use as a guide in unfamiliar hotel rooms.

- 6 LED bulbs with adjustable illumination
- 4 selectable duration settings
- Low-battery indicator
- Adjustable daylight sensitivity

3 3/4"L x 4 1/4"W x 2"H  
Requires 4 AAA batteries, not included.

MOTION SENSOR LED LIGHT		1	5+	10+
142 0239	6 LED, ivory	13.95	13.49	12.95

## Protect Your Premises—Economically!—with an LED Motion-Activated Porch Light

Using only 10% of the power of a traditional floodlight, Fulcrum's motion-activated porch light can help keep you safe while also saving you money! The six ultra-bright LEDs are arranged to illuminate a wide area with glare-free even light. Since it is powered by four 'C' cell batteries, it's quick to install just about anywhere... just two screws are needed.

5 3/8"L x 5 3/4"diam.  
LEDs: 6

- Ultra-bright, glare-free, ultra-wide LED coverage
- Auto on/off for hands-free convenience and safety
- Sealed for protection against moisture
- Head rotates to aim the light where needed

WIRELESS MOTION SENSOR LIGHT		1	5+	10+
142 0465	Porch, 6 LED, silver	21.95	21.49	20.95

## Lightweight Headlamp Helps You See (and be Seen) in the Dark

See where you're going in hands-free style with the eQ2 long-running LED headlamp. You can strap it around your head or clip it to a hat or helmet; it weighs less than an ounce so you'll hardly notice it's there. Choose the flashing or steady modes... either way, you'll get at least 8 hours of run time on a single set of batteries.

Measurements (lamp): 1 1/8"L x 1 3/8"dia.

Batteries: Two CR2032 3V coin cells

Bulb: Nichia 5mm diam. white LED

Modes: 2 (steady & flashing)

Run time: 8 hours steady or 16 hours flashing

Output: 22 lumens

Includes clip mount and adjustable elastic band. Requires 2 CR2032 coin cell batteries, included.

LED HEADLAMP		1	5+	10+
142 0228	eQ2 Lightweight, dual mode LED	9.99	9.49	8.99
161 0345	Coin Cell #CR2032, 5pk.	3.29	3.05	3.00

## Alert Intruders with a Wireless Motion Sensor Flood Light

Keep your house safer with a motion-sensing floodlight designed to deter potential intruders. The sensor detects motion up to 30 feet away within a 180 degree cone. Utilizing bright but energy efficient LEDs, the floodlight only needs three D batteries to run. Since it doesn't require any electrical cabling, you can install it anywhere around your house.

- Detects motion up to 30 feet away
- Only activates at night
- Batteries last about one year

Requires 3 D batteries, not included.

WIRELESS MOTION SENSOR LED LIGHT		1	5+	10+
142 0248	Dorcy Flood-Lite	22.95	21.95	19.95

## Energy Efficient Candelabra Bulbs Use 2-3 Watts Each!

Not only do these decorative candelabra bulbs fit all chandelier and lantern fixtures, they are also packed with efficiency! Emitting up to 300 lumens, these LED bulbs are designed to shine for up to 18 years!

Includes chandelier to medium (E26) socket adapter. Not for use with dimmer switches.

MIRACLE LED CANDELABRA BULB	1	5+	10+
250 1781 Clear, warm white	19.99	18.99	17.99
250 1782 Frosted, cool white	19.99	18.99	17.99

## Light up Your Savings with a Super-Bright Low-Power Bulb!

See huge energy savings with the low-profile Miracle LED replacement bulb. This LED light effectively replaces 50W incandescent light bulbs by producing 400 lumens of brightness while using only 4 watts of energy. Based on use, it can last up to 18 years, outlasting 30 incandescent light bulbs!

LED LIGHT BULB	1	5+	10+
250 1783 Low-profile, general purpose	19.99	18.99	17.99

## Outdoor LED Bulb Makes Security Illumination Affordable

Designed for outdoor fixtures, this medium-sized 36-LED floodlight only needs 4 watts of power to put out 300 lumens! The wide output angle is excellent for illuminating dark areas with motion-activated security fixtures, but it also works great indoors too

LEDs: 36  
Output: 160 degrees omnidirectional  
Volts: 120  
Watts: 3  
Lumens: 300  
Incandescent equivalent: 65W (as stated by manufacturer)  
Measurements: 3" L x 2 1/2" diam.

LED OUTDOOR SECURITY FLOODLIGHT	1	5+	10+
250 1784 3W, clear, white	14.99	14.39	13.99

## Replace Standard Light Bulbs with 96-LED Bulbs & Save Money!

Using only 5 watts of power, the "Un-Edison" LED bulbs perfectly replace standard 60-watt incandescent bulbs. Utilizing 96 individual LEDs, arranged in a truly omnidirectional pattern, both bulbs can save money by cutting average energy costs to only 3 cents per 100 hours of use!

Wattage: 5W  
Lumens: 500  
LEDs: 96  
Incandescent equivalent: 60W  
Socket size: (E27) Medium  
Estimated lifespan: 30,000 hours

Note: not for use with dimmer switch

MIRACLE LED UN-EDISON BULB	1	5+	10+
250 1779 Clear, white	19.99	18.99	17.99
250 1780 Clear, warm white	19.99	18.99	17.99
250 1801 Frosted, cool white	19.99	18.99	17.99
250 1802 Frosted, warm white	19.99	18.99	17.99

## Solid State LED Bulbs Built to Withstand Rough Usage

Filament-based light bulbs in high-vibration locations generally don't last very long due to the extra stress they must endure. Replace those bulbs with either the Rough Service LED bulb (designed for garage door openers) or the FANTastic LED bulb (perfect for ceiling fans).

Watts: 2  
Color: Cool white  
Bulb base: E27 (medium)  
Incandescent equivalent: 60W

MIRACLE LED SOLID STATE LIGHT	1	5+	10+
250 1791 Rough service light	12.99	12.39	11.99
250 1792 Fan light, cool white	12.99	12.39	11.99

## Fit an LED Light Bulb in any Light Fixture

These 2-inch socket extenders are perfect for replacing old incandescent bulbs with new LED bulbs. Some old fixtures, designed for larger incandescent bulbs, do not fit more compact LED bulbs without a little extension. These extenders are made from highly insulated glass porcelain and will last for decades. Sold as a 2-pack.

Note: LED light bulbs not included

MIRACLE LED LIGHT ACCESSORY	1	5+	10+
250 1793 Socket extenders, 2 pk.	12.99	12.39	11.99

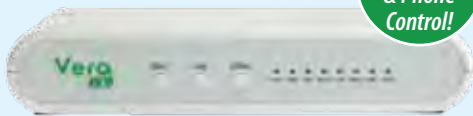

# WIRELESS HOME AUTOMATION TECHNOLOGY

## Z-WAVE SOLUTIONS

Automate your home with Z-Wave, the expandable mesh network that uses a wireless protocol to remotely control lights and appliances, monitor your home, adjust thermostats, lock doors and more. Without the need for a central control unit, installation is easy on your home and your pocketbook. You can start small and add Z-Wave devices to your network piecemeal, or realize a fully automated home today.

### Security

#### Primary Controller

A Z-Wave central hub, the Vera3 is a robust wired/wireless router and Z-Wave controller in one!

**Allows Internet & Phone Control!**

## PRIMARY CONTROLLERS

YOU'LL NEED ONE PRIMARY CONTROLLER TO PROGRAM YOUR Z-WAVE HOME AUTOMATION NETWORK

## Maximize Your Z-Wave Connectivity with the Vera3 Home Controller

Vera3 is a full-featured Z-Wave bridge controller, allowing you to access all of your certified Z-Wave devices through any computer, tablet or smartphone. With 900MHz Z-Wave bandwidth, 802.11n Wi-Fi, a 4-port Ethernet switch, and pre-installed Z-Wave web server software, it's designed to be the central hub of your Z-Wave network... with no monthly fee! Access your home automation setup from any Web browser in the world with secure access through mios.com. Vera3 also allows you to connect non-Z-Wave devices, integrating alarm panels, IP cameras, control audio/video, Insteon, X10, serial devices and more.

- Convenient user interface & setup
- Compatible with 550+ certified Z-Wave devices
- Large library of downloadable apps
- Advanced energy metering capabilities

Measurements: 5 1/8" L x 7" W x 1 3/8" H  
Flash: NAND 32MB  
CPU: 500 MHz MIPS SoC  
Memory: 128MB DDR2  
USB ports: 2  
WAN ports: 1  
LAN ports: 4  
Z-Wave: 900MHz, internal antenna  
Wi-Fi: 802.11n  
Battery pack: External rechargeable

Includes rechargeable battery pack, 2 AC adapters, network cable. Z-Wave control modules sold separately. Internet use requires a broadband modem with an open Ethernet port.

Z-WAVE HOME AUTOMATION	1	5+	10+
202 0401 Mi Casa Verde Vera3 Controller	249.00	249.00	249.00

## SCENE CONTROLLERS

## Z-Wave Remote Control for Lights and Appliance Modules

NEW

Turn on and off or adjust the brightness levels of Z-Wave-enabled lights, outlets, appliance modules and thermostats with the Z-Wave Advanced Remote. Able to act as either a primary or secondary controller, it lets you create and manage custom lighting groups and scenes and even lets you set up to 9 timed events. It features a backlit LCD for on-screen programming.

Z-WAVE HOME AUTOMATION	1	5+	10+
202 0463 Z-Wave Advanced Remote	34.99	33.49	32.99

## Control Z-Wave Scenes Without Fuss with Portable Key Fob Controller

This key fob is a simple remote control to activate scenes in a Z-Wave network. Use it as an secondary controller to, for example, unlock doors, turn lights on and turn security cameras off with a single push.

NEW

- Portable scene controller
- Control, add and remove devices from your network
- Operating range of up to 100 feet indoors
- Supports Z-Wave Explorer Frames
- One-year battery life
- Only four buttons for simple operation

Z-WAVE SCENE CONTROLLER	1	5+	10+
202 0498 Z-Wave Key Fob	49.99	49.49	49.09

## Activate Whole Groups of Z-Wave-Equipped Lights with Battery-Powered Wall Plate Scene Controller

This keypad allows you to activate "scenes" (activity-based lighting setups) and "groups" (lighting areas or zones) in your home automation setup. Set the mood for movie night by dimming the family room lights with one scene, or welcome guests with another scene that lights up all your hallways. The keypad is battery powered, so you don't have to connect it to your home's AC wiring, just place it on the wall.

- Secondary controller; requires primary controller
- Certified to work with Z-Wave lighting devices

Measurements: 4 1/2" L x 2 3/4" W x 3/8" H  
Z-Wave signal frequency: 908.42MHz  
Range: Up to 100 feet  
Compatible command classes: Basic; binary switch; controller replication; Multi-level switch version 1

Requires 2 CR2032 batteries, included. Note: Keypad requires a primary controller, such as a Z-Wave remote, Z-Wave computer or Z-Wave IP bridge.

GE Z-WAVE SCENE CONTROLLER	1	5+	10+
202 0390 Wireless keypad controller	49.99	48.49	47.99

## Control Your Network of Z-Wave Devices with Your Computer, Smartphone or Tablet

A no-fuss bridge between your wireless Z-Wave devices and your local computer network, the Vera Lite can access and control up to 50 devices. Use the built-in web server to access Vera Lite from any browser anywhere, be it on your computer, tablet or smartphone. Vera Lite is for users who already have a wireless network setup.

- Convenient user interface & setup
- No monthly fee
- Compatible with over 550 certified Z-Wave devices
- Large library of downloadable apps
- Advanced energy metering capabilities
- Compatible with Insteon, X10 & monitored alarm systems

Includes 4 AA batteries, AC adapter, network cable. Z-Wave control modules not included. Internet use requires a broadband modem with an open Ethernet port.

Z-WAVE HOME AUTOMATION	1	5+	10+
202 0402 Mi Casa Verde Vera Lite Controller	179.00	179.00	179.00

## CONTROL MODULES

## Z-Wave SmartSwitch Energy Monitor

Use the Mi Casa Verde SmartSwitch to measure the energy used by any device you plug it into. Fully Z-Wave compatible, it not only reports on current and past energy consumption, it also allows you to turn the light or appliance on or off remotely.

MI CASA VERDE Z-WAVE SWITCH	1	5+	10+
202 0404 Appliance SmartSwitch	59.00	59.00	59.00

## Z-Wave Light Switches

### Z-Wave On/Off Light Switch

This 2-position light switch is designed to replace an on/off light switch so you can activate the light with your Z-Wave controller. It fits in a rocker-sized wall plate (sold separately) in a single- or multi-gang receptacle. This switch does require in-wall installation with hard-wired connections.

- LED indicator shows position in the dark
- Can be used for a ceiling fan (on/off only)

202 0391  
GE Z-Wave Wireless Lighting  
Control On / Off Switch

### Z-Wave On/Off Dimmer Light Switch

Replace a standard on/off or dimmer switch with this Z-Wave dimmer light switch so you can control the output level of an incandescent light with your Z-Wave controller. It fits in a rocker-sized wall plate (sold separately) in a single- or multi-gang receptacle.

- LED indicator shows position in the dark
- Dimmer steps & intervals can be reprogrammed

202 0393  
GE Z-Wave Wireless Lighting  
Control Dimmer Switch

### Z-Wave 3-Way On/Off Light Switch Kit

This pair of 2-position light switches is designed to replace two on/off light switches that control one light (like at either end of a staircase).

202 0392  
GE Z-Wave Add On Auxiliary Switch

### Z-Wave 3-Way Dimmer Light Switch Kit

This pair of dimmer switches is designed to replace two dimmer switches that control one incandescent light (like at either end of a staircase).

202 0394  
GE Z-Wave Wireless Lighting Control 3-way Dimmer Kit

### Z-Wave Outlet Plug-In Control Modules

These Z-Wave modules plug into an AC outlet so a light or small appliance can be activated with your Z-Wave controller. They fit in an upper outlet (allowing use of the lower) and include a pass-through outlet unregulated by Z-Wave. A push button on the modules allow manual control and load-sensing circuitry allows the lamp's own on/off switch to work as well.

202 0395  
GE Z-Wave Lamp Module

Plug this Z-Wave module into an AC outlet so you can activate an incandescent table or floor lamp with your Z-Wave controller.

202 0396  
GE Z-Wave Fluorescent Lamp/  
Appliance Module

This Z-Wave module plugs into an AC outlet so a fluorescent light or small appliance (including fans) can be activated with your Z-Wave controller.

GE Z-WAVE HOME AUTOMATION SWITCH		1	5+	10+
202 0391	On/off light switch	49.99	48.49	48.99
202 0392	3-Way On/Off Kit	69.99	67.49	65.79
202 0393	Dimmer switch	49.99	48.49	47.99
202 0394	3-way dimmer kit	69.99	67.99	65.99

### Z-Wave Indoor Duplex Outlet Module

Control lights or small appliances that are plugged into this duplex outlet module. It replaces any standard duplex module and includes one "always-on" outlet that is not controlled by Z-Wave. The other outlet can be added to your wireless Z-Wave network and controlled by your scene controller or other remote control. Wall plate not included (sold separately).

- Compatible with fluorescent & incandescent lights
- Manual switch and status LED
- Over-current protection

GE Z-WAVE HOME AUTOMATION		1	5+	10+

### Z-Wave Outdoor Light Module

Use this Z-Wave module outdoors to control an outside light with your Z-Wave controller. It installs on an outside wall and features a weather-resistant housing, making it suitable for damp locations. A push button on the module allows manual control.

GE Z-WAVE HOME AUTOMATION MODULE		1	5+	10+
202 0397	Outdoor lighting module	49.99	48.49	47.99

### Monitor and Manage Your Home's Temperature from Anywhere with a Z-Wave Thermostat Module

Replace your home's HVAC thermostat to add remote control functionality and extra programming options. Completely compatible with Z-Wave, you can control the thermostat from any primary controller in range... or from your phone or computer if you have a Z-Wave-Internet bridge.

- 4-stage heat
- Bright display with touch screen
- Seven-day programming
- Auto mode

### Wireless IP Camera with Pan & Tilt Designed for Use with Vera Lite or Vera3

The VistaCam HD is a compact indoor IP camera that supports both wired and wireless installations. Pre-provisioned for use with Mi Casa Verda's Vera3 or Vera Lite, it's ready to be the eyes of your home automation network! Let it watch your porch or entry way; you'll be able watch live camera footage on your computer, tablet or phone. You can even control the pan and tilt motors so that you can adjust the viewing angle remotely.

- Includes infrared LEDs for night vision up to 35 feet
- Supports SD Card memory (up to 32GB)
- Supports motion sensor event triggering

Resolution: 1280 x 720 (1MP, 720p)  
 Frame rate: 30 fps  
 Sensor: 1/4" color CMOS  
 Protocol: H.264  
 Viewing angle: 60 degrees  
 Horizontal pan range: 320 degrees  
 Vertical tilt range: 120 degrees  
 Wireless protocol: 802.11b/g/n  
 Wired protocol Ethernet: 10/100

IP CAMERA	1	5+	10+

### Let Your Home Pay Attention to its Environment with 4-in-1 Z-Wave MultiSensor

Aeon Labs' MultiSensor looks (and acts) like a motion sensor, but it also detects light, temperature and humidity and reports it all to your Z-Wave network. Not only can you check on the environmental status of your home from any computer, tablet or phone, you can also program events so that your home responds to changes. Getting dark? Turn lamps on. Humidity too high? Have an e-mail sent. This wireless and battery-powered sensor makes environmental monitoring and response very easy.

- For indoor or outdoor use
- Infrared motion sensing
- Corner or ceiling mounting
- Adjustable motion level sensitivity
- Can directly control up to 6 other Z-Wave devices
- Battery level detection

Temperature range: -4 degrees F to 122 degrees  
 Humidity range: 20% to 90%  
 Lighting range: 0 to 1000 Lux  
 Wireless range: 80-300 ft. (depending on environment)  
 Battery life: 12 months

Includes ceiling and wall mounts, 4 AAA batteries, optional AC adapter, power cable and 2 screws.

202 0435 Z-Wave deadbolt, bronze	229.00	224.00	219.00

## Steelie Magnetic Mounts Create a Wealth of Tablet & Phone Display Options

Using a combination of magnetic ball and socket holders, the various STEELIE mount kits work together to provide dozens of mounting options for your phone, tablet, or both. The mounts use super-strong 3M® brand adhesive (which can be harmlessly removed if needed) and amazing polished bases to make powerfully attractive but completely adjustable connections. The magnetic attachments can even be used without the base to attach your device to any ferrous surface, like a shopping cart or the kitchen fridge. (The strong magnets will not damage your device or its data, but could be problematic for pacemakers, hard drives or credit cards.)

- Uses powerful neodymium magnet and silicon center for strong grip and smooth glide
- Adhesive works with flat devices or rigid and smooth cases
- Legal for car use in all 50 states

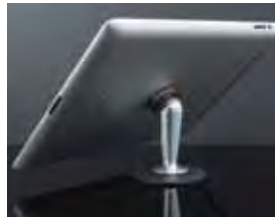

**141 0541**  
HobKnob Kit is both a stand and a handle for tablets or e-book readers

**141 0537**—Car Mount Kit docks your phone to your dashboard in a snap and lets you position it as you wish

**141 0539**—Pedestal Kit keeps your tablet securely upright and conveniently accessible; works with phones too

Phone and tablet not included.

### Universal Smartphone Mount Works on Your Windshield or Dash

Keep you phone, MP3 device or GPS device firmly in place with Satechi's dash/windshield adjustable suction cup clamp. The two joints each rotate 180 degrees, but only when you press and hold the adjustment button.

Adjustment buttons

The device clamp squeezes tightly but releases with the touch of another button. Fits all handheld devices up to 3 3/8" wide.

Includes cleaning pad and sticky dash pad. Phone shown not included. Please note, applying devices to windshields is illegal in some jurisdictions.

SMARTPHONE CAR MOUNT				
	1	5+	10+	
141 0353	Dash or windshield	22.99	22.99	22.99

### Cup-Holder Mount is the Easiest In-Car Phone & Tablet Bracket

Connect either the tablet or phone bracket to the base, then drop it in! Cup holder too big? Not a problem! Rotate the base to extend padded adjusters.

Tablet cradle fits mini- & full-sized tablets

- 2 adjustable pivot points
- Rotates to landscape or portrait orientation
- All contact points padded with dense foam

Includes phone cradle and tablet cradle. Phone and tablet not included.

141 0354	2 brackets, cup holder	39.99	39.99	39.99

## Make Your Tablet or Phone a Backseat Entertainment Screen with Satechi Headrest Mounts

With durable and adjustable headrest post clamps and adjustable spring-loaded padded grips, these headrest mounts make it easy to convert your tablet or smartphone into a backseat entertainment center or navigational aid. Ball joints allow for 360 degree rotation as well as tilting for optimal viewing. The mount installs quickly without tools and can be disconnected easily.

**141 0731**—For tablets 8.9 to 11 inches in diagonal

**141 0733**—For tablets 6.5 to 8.9 inches in diagonal

**141 0735**—For phones 3.5 to 6.5 inches in diagonal

Tablets and phones not included. Please note: Do not install in areas of airbag operation.
