

## Mobile Life

### Steerie Magnetic Mounts Create a Wealth of Tablet & Phone Display Options

Using a combination of magnetic ball and socket holders, the various STEELIE mount kits work together to provide dozens of mounting options for your phone, tablet, or both. The mounts use super-strong 3M® brand adhesive (which can be harmlessly removed if needed) and amazing polished bases to make powerfully attractive but completely adjustable connections. The magnetic attachments can even be used without the base to attach your device to any ferrous surface, like a shopping cart or the kitchen fridge. (The strong magnets will not damage your device or its data, but could be problematic for pacemakers, hard drives or credit cards.)

- Uses powerful neodymium magnet and silicon center for strong grip and smooth glide
- Adhesive works with flat devices or rigid and smooth cases
- Legal for car use in all 50 states

141 0541  
HobKnob Kit is both a stand and a handle for tablets and e-book readers

141 0537—Car Mount Kit docks your phone to your dashboard in a snap and lets you position it as you wish

NEW

141 0539—Pedestal Kit keeps your tablet securely upright and conveniently accessible; works with phones too

Phone and tablet not included.

### Universal Smartphone Mount Works on Your Windshield or Dash

Keep your phone, MP3 device or GPS device firmly in place with Satechi's dash/windshield adjustable suction cup clamp. The two joints each rotate 180 degrees, but only when you press and hold the adjustment button.

The device clamp squeezes tightly but releases with the touch of another button. Fits all handheld devices up to 3 3/8" wide.

Includes cleaning pad and sticky dash pad. Phone shown not included. Please note, applying devices to windshields is illegal in some jurisdictions.

SMARTPHONE CAR MOUNT	1	5+	10+
141 0353 Dash or windshield	22.99	22.99	22.99

### Cup-Holder Mount is the Easiest In-Car Phone & Tablet Bracket

Connect either the tablet or phone bracket to the base, then drop it in! Cup holder too big? Not a problem! Rotate the base to extend padded adjusters.

Tablet cradle fits mini- & full-sized tablets

- 2 adjustable pivot points
- Rotates to landscape or portrait orientation
- All contact points padded with dense foam

Includes phone cradle and tablet cradle. Phone and tablet not included.

TABLET OR SMARTPHONE CAR MOUNT	1	5+	10+
141 0354 2 brackets, cup holder	39.99	39.99	39.99

### Make Your Tablet or Phone a Backseat Entertainment Screen with Satechi Headrest Mounts

With durable and adjustable headrest post clamps and adjustable spring-loaded padded grips, these headrest mounts make it easy to convert your tablet or smartphone into a backseat entertainment center or navigational aid. Ball joints allow for 360 degree rotation as well as tilting for optimal viewing. The mount installs quickly without tools and can be disconnected easily.

NEW

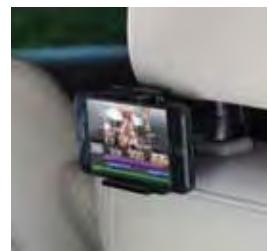

141 0731—For tablets 8.9 to 11 inches in diagonal

141 0733—For tablets 6.5 to 8.9 inches in diagonal

141 0735—For phones 3.5 to 6.5 inches in diagonal

Tablets and phones not included. Please note: Do not install in areas of airbag operation.

## Mobile Life

### Write, Type & Swipe with a Go-Anywhere, Work-Anywhere Pen/Stylus Combo

With the amazing ability to write in any temperature, any position and even underwater, the Inka Mobile is also a touchscreen stylus and convenient carabiner keyring clip. Carry it in your pocket or clip it to your bag and you'll always have a pen that works and a stylus that operates all capacitive-type touchscreens... even when you're wearing gloves.

#### INKA MOBILE PEN & STYLUS

	1	5+	10+
215 1323 Inka, carabiner, blue ink	11.99	11.99	11.99
215 1325 Inka refill, blue ink	4.19	4.19	4.19

#### Audio Extender Fits Narrow iPhone® & iPod® Cases

With an extra-narrow plug, this simple extender makes it possible to attach any headset or headphone to your case-enclosed iPhone or iPod. It's designed to work with cases with restricted access to the headphone port, such as those from Apple, Lifeproof and OtterBox.

Headphones and iPhone not included.

#### AUDIO/MIC ADAPTER

	1	5+	10+
190 0821 3.5mm, 4 band	6.99	6.69	6.39

### Master True iPad® Painting & Note Taking with Pressure-Sensitive Stylus

The multi-touch input surface of the iPad is fantastic, but it can't capture pen pressure like a graphics tablet can. Now artists can experience a true pressure-sensitive touchscreen stylus with the Bluetooth®-enabled Pogo Connect.

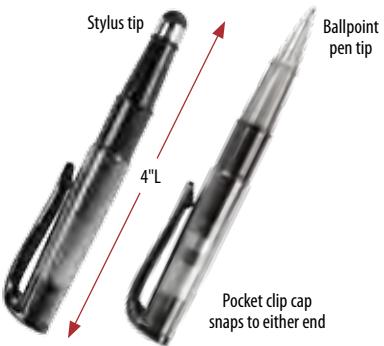

Includes AAA battery. Requires the New iPad (third generation) or later. See list of compatible apps at tenonedesign.com.

#### POGO CONNECT SMART STYLUS

	1	5+	10+

#### Executive Stylus Pen is the Perfect Writing Instrument!

With a ballpoint pen at one end and a rubber-tipped stylus for capacitive-style touchscreens at the other, the Executive Combo Pen is the perfect writing implement for both classic and modern communications!

#### PEN & STYLUS COMBO

	1	5+	10+
215 0281 Executive style, black	14.99	13.99	12.99

#### Charge Your iPad® from a Regular USB Port

Using this simple adapter, you can now use a regular USB port to recharge the power-hungry Apple iPad. Just connect the small adapter to the end of your sync cable and then connect it to any powered USB port. Special circuitry in the adapter effectively doubles the power a USB port can deliver.

Includes dust cap.  
Sync/charge cable & iPad not included.  
Note: Data cannot be synced while using the charging adapter

#### IPAD ADAPTER

	1	5+	10+
131 0145 USB charging adapter	4.99	4.79	4.59

### iPod®/iPhone® USB Charging & Transfer Cable

Charge or transfer files to and from Apple iPod classic® 4G/5G/6G, iPod mini®, iPod nano®, iPod touch® and Apple iPhone® models using this handy USB 2.0 cable. Can also be used to transfer files with (but not charge) iPod classic \*3G players and Apple iPad® devices.

- USB 2.0
- 30-pin connector
- Compatible with Apple iPhone® 4/4S

#### IPHONE/IPOD CHARGE & SYNC CABLE

## Connect Your iPhone® 5, iPad® 4G and Newer iPod® Devices with a Certified Lightning™ Charge & Sync Cable

Recharge and transfer data with your newer iOS devices built with the 8-pin Lightning connector. This USB cable uses the Lightning connector for fast data transfers and reliable charging. Compatible with iPhone 5, iPad (4th generation), iPad mini, iPod touch (5th generation), and iPod nano (7th generation).

"Made for iPod," "Made for iPhone," and "Made for iPad" mean that an electronic accessory has been designed to connect specifically to iPod, iPhone, or iPad, respectively, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that the use of this accessory with iPod, iPhone, or iPad may affect wireless performance. iPad, iPhone, iPod nano, and iPod touch are trademarks of Apple Inc., registered in the U.S. and other countries. Lightning is a trademark of Apple Inc.

## Send Music to any Device with an Aux-In Audio Jack

Stream music wirelessly from your phone or tablet to any device with an aux-in 3.5mm audio port. Aluratek's Bluetooth iStream DockFree audio receiver captures audio sent by your device while you text, play games or surf the web. You can even accept phone calls; music will pause and resume after your call is concluded.

Includes 3.5mm to RCA adapter cable and USB charge cable. Requires Bluetooth-enabled phone or tablet, and dock or speaker system with 3.5mm audio-in jack.

## REDPARK iPhone®, iPad®, iPod® Adapters

### Connect Your iPhone® or iPad® to a Cisco® Server

Instead of hauling over a laptop, just plug your iPhone®, iPad® or iPod touch® into your Cisco router or switch when you need to access it over a serial port. These adapter cords work with the Get Console app to provide serial console access to Cisco and Juniper routers, switches and firewalls (or any other Cisco/Juniper device with a standard 8P8C or DE9 serial console port).

● Get Console app available from iTunes® store

122 0206—8P8C serial to 30-pin

Requires iPhone®, iPod touch® or iPad® with iOS 4.2+, not included.

122 0211—8P8C serial to Lightning

### Connect Your iPhone® or iPad® to any RS-232 Serial Device

122 0213—DE9 (DB9) serial to Lightning

Made for iPhone 5, iPad (4th generation), iPad mini and iPod touch (5th generation).

Requires iOS 4.3+.

Please note: Serial communication apps not currently available. Redpark's software development kit (available for free download from redpark.com) allows programmers to create compatible apps.

"Made for iPod," "Made for iPhone," and "Made for iPad" mean that an electronic accessory has been designed to connect specifically to iPod, iPhone, or iPad, respectively, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that the use of this accessory with iPod, iPhone, or iPad may affect wireless performance. iPad, iPhone, iPod nano, and iPod touch are trademarks of Apple Inc., registered in the U.S. and other countries. Lightning is a trademark of Apple Inc.
