

Web design samples

In 2014-2015 I was requested to develop a new look for the existing Cyberguys! website based on the revised branding I proposed for the Cyberguys! brand. This developed into researching a new web platform due to our existing IT team not having the time to do any development work in the requested time frame. Below are side by side images of the the existing site and my proposed design.

Current Site

The homepage features a top navigation bar with links for Home, Catalog, Blog, About Us, and Buyers Club. A large banner on the left promotes the 'PREON P2 100 LUMEN FLASHLIGHT'. Below the banner are four categories: NEW ITEMS, MOBILE LIFE, CLEARANCE CENTER, and WIRELESS HOME AUTOMATION TECHNOLOGY. A 'Buyers Club' section offers a 10% discount on every order. A 'Best Sellers' section displays five products: a power strip, a power adapter, a power cord, a power adapter, and a power adapter. The footer contains links to various product categories like Electronics, Home, and Office.

Proposed Site

The homepage has a clean layout with a yellow header bar. The 'CYBERGUYS' logo is at the top, followed by a search bar and a 'Sign In' link. Below the header is a navigation bar with links for HOME, CATALOG, BLOG, ABOUT US, and BUYERS CLUB. A large yellow banner on the left says 'Liberate Your Power Strip!' and features an image of a power strip with multiple outlets. The footer is minimal, with only a 'Sign In or Create an Account' link.

This catalog page shows a grid of product categories: Cables, Adapters, Adapters, Computer Adapters, Networking, Power Cords, and Miscellaneous. Each category has a representative image and a link to the category page. The sidebar on the left lists various product categories like Electronics, Home, Office, and more.

The catalog page has a similar layout to the homepage. It features a sidebar with 'SHOP BY' categories: Cables, Adapters, Computer Adapters, Networking, Power Cords, and Miscellaneous. The main content area shows a grid of products under the 'POWER CORDS' category, including a power strip, a power adapter, and a power cord. Each product has a small image, a name, and a price. A dropdown menu for 'Power Cords' is open, showing options like 'Flat Plug Power Strip' and 'Power Strip'.

The search results page shows a grid of products related to 'POWER CORDS'. Each item includes a thumbnail, the product name, a brief description, and a price. The sidebar on the left includes a 'Recently Viewed' section with items like 'Flat Plug Power Strip' and 'Power Strip'.

The search results page follows the same structure as the catalog page. It shows a grid of products under the 'POWER CORDS' category. A single product, the 'FLAT PLUG POWER STRIP LIBERATOR', is highlighted with a large image, its price (\$5.99), and a dropdown menu for 'Size' (12', 15', 18', 20', 25', 30') and 'Quantity' (1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, Mobile screen shots

One of the main concerns with the current website was the lack of usable mobile browsing. After our initial research phase we determined that a number of existing platforms offered improved mobile shopping dynamics and updated standards compliance. A few screenshots are offered below.
